The original on-line resource for the Instrument Engineer. The Instrument-net has a Buyers Guide of more than 600 UK suppliers in 100 product categories. Also search by Company & previous/trade/brand names, agencies, address, postcode, phone, fax etc. The Instrument-net was founded in 1996 and features very high up the result lists of all the major search engines/portals when searching for UK instrumentation or a related topic. The Instrument-net receives thousands of visitors per month, which is ever increasing. The Web Site also includes:

- Glossaries, standards, classifications, conversions & useful formulae
- Instrument engineers re-united message board & Yahoo Community
- Joke Circle and industry web links

Basic registration in the Instrument-net Buyers Guide is **FREE**, but an enhanced entry with your logo and comments/description costs just £59.99 per year, this also gives upto 40 Product Category Entries. The rate is only £49.99 to InstMC Companion Companies, members of GAMBICA, BVAMA or the ISA.
